CCGs are now reporting QIPP progress at weekly meetings.	The main areas of underperformance are in West Scenes PCT and relief to Sussex Together schemes that are still being control to sussex Together schemes designed to impact on unscheduled care and specific activity. CCC recovery plans are inplace. PC or scovery plans are inplace. Sussex PCTs are forecasting a QPP outturn on plan, though it should be noted that risks have been flagged up regarding the schemes that are with a proper or suspension of the plansing control to the properties of the plansing quarter, especially in West Sussex PCT, which adds to the level of potential risk. Activity remains of concern, particularly non- elective admissions and GP referrals.
